

RESEARCH REQUEST:

The Texas Prison Museum has digital copies of the prison Convict Ledgers. We can research this information for a fee of \$10.00. The Convict Ledgers contain basic entry-level information on an inmate including name, number, body markings, county of residence, occupation, birth date, crime committed, sentencing, time of conviction, and final disposition, etc. The \$10.00 research fee is non-refundable. The Museum cannot guarantee that an entry record will be found.

However, the work required is the same as if the record were found. The Texas Prison Museum is a non-profit organization and does not receive state funding. The Prison Museum is not affiliated with the Texas Department of Criminal Justice.
